Follow Traffic Rule: Awareness Programme

We observe a number of accidents taking place each day because of irresponsible driving. Just for saving a little amount of time we don't even care for our valuable lives. Also, we are prepared to place the life of others in danger too!! Such irresponsible behavior needs to be changed. Traffic Rules teach us to become good and accountable citizens of the motherland.

There is a popular saying” Slow and steady wins the race.” Thus, drive cautiously and reach your destination safely. Only when you will reach safe, you can win time for your family and for the service of the nation at large. Awareness programme was conducted in collaboration with District Traffic Police and Rotary Club Dharwad
