Dear Sir/Madam,

**Subject: Give an opportunity**

Greetings from Samarthanam Trust for the Disabled!

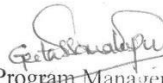

Samarthanam Trust for the Disabled has been working from 17 years for the upliftment of downtrodden and specially challenged community for their education, self-sustainability, and to build confidence. The Trust is also working in Dharwad, Belgaum, and Gadag. For North Karnataka, it has started its branches to extend the services to the Persons with Disabilities and underserved.

We have a cultural troupe 'Sunadha' compiling specially-challenged singers, dancers, instrumentalists, actors, and so on. We would request your good-self to provide an opportunity to showcase the talents of the troupe at your esteemed organization. This support will go a long way to serve the vulnerable section of the society.

We are looking forward to hearing from you.

Thanking you

Subject: Synopsis of the counseling session dated 31-12-2011

Dear Mrs. Sofiya Pathan,

Ever since Anjuman College and Samarthanam Trust came into an MOU in December 2011, plans were high on sharing common goals and exchange of best practices to facilitate better living conditions for People with different Disabilities (PWDs) Also Anjuman has tied up with Samarthanam Parisara for donation of the dry waste for the developments of PWDs.

To kick start, Samarthanam in association with your esteemed institution had a very productive 'Counseling session' for the differently able individuals of campus. Samarthanam, with all its domain expertise counseled the students and has certain points to share with Anjuman.

Disability along with its physical impact possesses huge mental brunt which apparently hampers the overall growth of the individual, if not dealt with sheer positivity. The role of the family is extremely vital to make a change in the lives of these students with different disabilities hence; a session with parents is needed. Parents in particular have little or no knowledge about disability which is the prime reason of the downfall. Having said that, the College must also create an inclusive environment to cater the needs of PWDs and bring them into the mainstream. The observation and the feedback from the students about the College and facilities have been overwhelming yet some path breaking policy changes are essential for even better performance. Let the teaching fraternity work in closer proximity to boost the confidence of the students, let there be more motivational classes for the community from experts dealing with this social menace, Samarthanam feels that it's not enough to be a teacher but becoming a facilitator must be on top of the charts.

Samarthanam is grateful to Anjuman for having provided a great platform to counsel this vulnerable community and also for being a patron for Samarthanam Parisara. Hope to receive the first dry waste donation soon. The combined effort of Anjuman and Samarthanam will definitely work for the betterment of the differently able individuals.

Yours' Truly,

Asif Makandar

### Memorandum of Understanding

Between

**Anjuman Arts, Science & Commerce College, Dharwad**

&

**The CPI, Traffic Police Station, Dharwad**

#### Introduction:

Now a days vehicle driving either two wheeler or four wheeler has become the necessity of life. The educational institutions along with the curriculum should impart the knowledge of life. The educational institutions along with the curriculum should impart the knowledge of traffic rules to the students. Therefore, this MOU is signed between Anjuman Arts, Science & Commerce College, Dharwad and CPI, Traffic police station, Dharwad on the following goals and objectives.

1. To hold the traffic awareness programs for the students.
2. To educate the students about the traffic signals, signs and rules etc.
3. To inculcate the sense of patriotism among the students

Dear Dr.I.M.Mulla,

I am in receipt of your letter no.ACD/ CMDR /2004-05/143 dated 1-9-2004 regarding MoU between Anjuman Arts, Science & Commerce College, Dharwad and CMDR, Dharwad. The terms of MoU sent by you are by and large acceptable to CMDR subject to the condition that there are no financial implications for CMDR on account of this association of Anjuman Arts, Science & Commerce College, Dharwad. In case implementation of some of the terms of MoU imply costs, then they have to be borne by the Anjuman Arts, Science & Commerce College.

CMDR also looks forward to closer association with Anjuman Arts, Science & Commerce College in its relevant research studies.

With regards and best wishes for the future of Anjuman Arts, Science & Commerce College.

Yours sincerely

**Make in India: Issues and Challenges 04-**  
**03-2017**

**Brief Report**

Make in India was launched by Prime Minister in September 2014 against the backdrop of this crisis and quickly became a rallying cry for India's innumerable stakeholders and partners. It was a powerful, galvanizing call to action to India's citizens and business leaders, and an invitation to potential partners and investors around the world. But Make in India is much more than an inspiring slogan. It represents a comprehensive and unprecedented overhaul of outdated processes and policies. Most importantly, it represents a complete change of the government's mindset – a shift from issuing authority to business partner, in keeping with Prime Minister's tenet of 'Minimum Government, Maximum Governance.

The make in India initiative started by government of India helps to facilitate investment, foster innovation, enhance skill development, protect intellectual property, build manufacturing infrastructure. For contribution of at least 25% of GDP by 2022 in manufacturing sector growth should be 12-14% Per annum higher than the GDP rate. The share of manufacturing in India's GDP has stagnated at 15-16% since 1980 while the share in comparable economies in Asia is much higher at 25 to 34%. The advancement of manufacturing capabilities is directly linked to increasing economic prosperity for a nation and its citizens. With financial assistance of Rs. 1,45,000 a national seminar was organized on 04-03-2017.

ISEC former Director Dr. Gopalkadekodi was the Chief Guest. Dr. R.L. Hyderabad was the Keynote Speaker. Dr. G.T. Govindappa, Dr. Ramesh. Dr. Nayak, Air Commodore (Rtd) Havaldar Dr. N.G. Chachadi, Dr. M.M. Moulvi were the Resource Person. Selected papers were published in an International Journal.

## **Awareness workshop on Intellectual property rights (IPR) 03-02-2019**

Intellectual Property (IP) is the idea in its intangible form generated in a person's mind. It is the result of an individual's creativity. Intellectual Property Rights (IPRs) is concerned with the protection of tangible and intangible property. It provides material awards and recognition to the inventors and contributors for their investment. Hence, it enhances motivation to disseminate scientific and technological information which in turn stimulates research and development for improvement of the quality of life. The economic functioning of IPR can be thought of as minimization of transaction costs (search, bargain, and enforcement) and the optimization of time to fruition and avoidance of duplication. One can agree that the first best IPR policies are not only to minimize the transaction costs and conflict of interests but they provide incentives to invest on innovation which in turn maximizes wealth of a nation.

Intellectual property is an important asset that drives innovation in the society. Intellectual property is seen as extremely essential for the overall growth and development of the society and economy. Intellectual Property has both moral and commercial value. Intellectual property rights (IPR) IPR play a crucial role in our daily lives. There isn't a product that we encounter every day that has an IP protection. Your morning cup of coffee to the air-conditioning system at work or that selfie you take with friends are possible due to intellectual property.

The workshop was held on 3<sup>rd</sup> March, 2019. The participants included teachers and academic members for local colleges. The student participants included the research scholars, who are pursuing M.Phil and PhD Programmes. The workshop included sessions by experts Dr. Vishwanat Professor of Law Karnatak University Dharwad and Dr. Arundati Kulkarni, Dean of Karnataka State Higher education Academy Dharwad. Alumni advocate were felicitated during the programme. The outcome of this workshop is students were learned about importance of IPR. The analyses offeed back taken from student reflect that they were satisfied with all session & interested to learn it more.

This workshop was useful for developing the Knowledge and creating awareness among the students about IPR.

## **Skill Development in Higher Education: Issues & Challenges**

### **Brief Report: 19-03-2019**

India, at present, is recognized as one of the youngest nations in the world with over 50% of the population under the age of 30 years. It is estimated that by about 2015, India will have 20% of the world's total workforce. In order to harness the full demographic dividend, India needs an educational system which is of high quality, affordable, flexible and relevant to the individuals, economy and to the society as a whole. Skills and knowledge are the driving forces of economic growth and social development for any country. Presently, the country faces a demand – supply mismatch, as the economy needs more 'skilled' workforce and also the managers and entrepreneurs than created annually. In the higher education sphere knowledge and skills are required for a diversity of employment needs in the services, education, health care, and manufacturing sector etc. Potentially, the target group for skill development comprises all those in the labour force, including those entering the labour market for the first time, those employed in the organized sector and those working in the unorganized sector.

The skilling of youth at higher education level has three tier approaches being implemented in the country; the first one is to incorporate skill component in the regular higher education courses, second is to offer full-time skill based Degree / Diploma courses with major skill credits, and third is to offer short-term skill based courses, orientation and finishing schools.

**Role of Higher Education:** Higher education plays a key role in the development of any country, state or region. The chance of economic growth of any state is as good as the pool of their skilled people. No plan of economic development can succeed without skilled people, as economic development depends a lot on the quality of resources they have.

Higher education also helps in shaping the future of people as skilled people not only get good employment opportunities they also create employment for other as well. Skill development program has helped people to become self-reliant and financially independent. Considering the importance of skill development the IQAC of college decided to organized a self-financed one national conference on Skill Development in Higher Education: Issues & Challenges on 09.03-2019. University of Agriculture Science Dharwad Vice Chancellor Dr. M. B. Chetti was the chief Guest. Dr. Nagesh R. Iyer Dean, IIT Dharwad was the keynote Speaker. Dr. Gopinath, Dean SDMCET, Dr. F. M. Nadaf from Goa were the Resources Persons. 100 Research papers were published in E-Journal with ISSN.

## **Bazme Urdu organize special program on Importance of Urdu Language & Literature**

Urdu poetry and its importance to the culture are well known. However, there is a lot that is not known about this aspect of Urdu literature. Most people know that Urdu poetry has played an essential role in the history of the art and literature in India. One of the many benefits of learning Urdu grammar is that it will enable one to read great writers from India past.

India is growing to be a very important country in the modern world as its people provide the web with plenty of content. It is also one of South Asia's most important consumer markets. Learning the Urdu language allows us to gain access to other languages in the region. For one thing, it is closely related to Hindi, so we'll have a head start in this language if ever you want to pursue it after learning Urdu. It can change the life of human beings on the ground of morality & social.

# **Workshop on Masters Training on Skill Development**

**07.01.2021**

## **WORKSHOP REPORT**

### **Background:**

Education plays an important role in the progress of an individual's mind and country. The purpose of education is to develop the knowledge, skill, or character of students. Education, Skills and employability are of paramount importance in today's context. Students are most essential asset for any educational institute. Delivering quality education is critical for holistic development of a Nation and is a key enabler for ensuring inclusive and sustainable development.

A good education institution is one in which every student feels welcomed and cared for, where a safe and stimulating learning environment exists, where a wide range of learning experiences are offered, and where good physical infrastructure and appropriate resources conducive to learning are available to all students. Attaining these qualities must be the goal of every educational institution. Considering all these facts the newly elected management of Anjuman E Islam, Dharwad have their vision i.e Anjuman Shining. As a part of the Anjuman Shining initiative to improve employment and innovation, Anjuman E Islam Dharwad intends to introduce many skill development programs in all their educational institutes to inculcate skills among the students with a greater emphasis on the improvement of employment opportunities and research activities.

### **Programme Outcome:**

“Without sharpening your weapons standing on the battlefield would not increase your chance of winning”

A workshop on Skill Development was held on 7<sup>th</sup> Jan 2021 at 11.00 am in the Anjuman Auditorium. The workshop was opened by the host Dr. N. M. Makandar, Anjuman Degree College, Dharwad by a opening speech appreciating the efforts of the management to initiate programs towards development of this great education society.

Prof Maqsood Javali, Anjuman Degree College, Dharwad welcomed and introduced the dignitaries on the dais. The guests were felicitated as a token of love and affection on behalf of Anjuman-E-Islam Dharwad. Dr. N. M. Makandar gave brief information about the education facilities available in Anjuman-E-Islam Dharwad so that the resource persons could suggest

suitable developmental activities for the entire campus. He then invited the resource person Shri Vishal Kulkarni, Director, NASD, VTU, Belgaum.

In his address Shri Vishal Kulkarni stressed upon outcome based education (OBE). He said that the market needs a trained team unlike in the past where workforce was employed and trained on job. Therefore the education system needs to see a change where 70% should be practical based and 30% theory. He also spoke about a three spoon model which consists of awareness of technology, training based on customized syllabus and a certification course. Different job oriented courses need to be introduced through Training of Trainers (TOT) programs. He suggested courses like hardware networking, data entry, Tally ERP, GST, digital and retail marketing, computing new software, Dot NET, JAWA, website designing, graphic designing, typing skills, mini projects, presentation skills, event organizing skills, soft skills, etc for different category of students such as High School, P.U.C., BA, BBA, B.Com and so on.

Another resource person Shri Balavant Patil, Chief Technical Officer, NASD, VTU, Belgaum elaborated the different training programs conducted in National Academy For Skill Development NASD such as Data Entry, ITI, Diploma in Engineering, Automotives, Account Executive, Tally, Taxation, Computer Hardware and Networking etc. He opined that unemployment is rampant not because of the lack of educated candidates but because of the lack of basic skills needed for the job. Technical session concluded with active interaction with the resource person.

The Vice-President stressed on the need of skill based programs and encouraged the staff to motivate the students to undergo such training. He also told the teaching fraternity to inculcate skill based teaching in their methodology of teaching. He thanked the resource persons for accepting his invitation and visiting the campus.

The President Janab Iqbal Jamadar Sir said in his presidential remarks about the transformation in teaching learning system from offline teaching to online teaching. He also said how the pandemic situation taught the people the various computer skills.

Dr. Sajjad Parry, Professor in Anjuman BBA College proposed the vote of thanks.

Dr. N. M. Makandar concluded the workshop by appreciating the management for organizing such an event for the benefit of all the teaching fraternity. More than thirty five teachers have participated in the workshop. Feedback has been obtained from the participant and appropriate steps will be initiated accordingly.
